Alfresco™

Open Air Culinary Systems

CATÁLOGO 2026

27052026

AKABA

For decades, the founders of Alfresco have been manufacturing commercial kitchen equipment for many of the nation's finest restaurants and hotels. Alfresco Open-Air Culinary Systems was launched, offering a whole new level of quality in luxury residential appliances. This would be the most complete line of restaurant-inspired luxury outdoor kitchen appliances, utilizing the same manufacturing methodologies used in commercial restaurant equipment.

Alfresco appliances will make any professional chef feel right at home, and will inspire anyone who wishes to produce culinary creations like a pro. Unparalleled quality, workmanship, performance and design combined with constant innovation have been the driving force in making Alfresco the most distinctive and complete line of outdoor kitchen appliances available today. All Alfresco appliances are proudly built from scratch in City of Industry, California – U.S.A.

ALFRESCO GRILL FEATURES AND BENEFITS

Accufire™ Exclusive Heat Delivery System

Delivers evenly distributed extreme high -heat to the cooking surface, and consists of special 18SR burners

- 27,500 BTUs
- 18SR (Scaling and Corrosion Resistant) made from titanium and stainless steel
- Exclusive design: Dual Rows of clean-combusting, double-lanced ports on three sides, plus crossover tube in front delivering optimal flame distribution
- Lifetime warranty

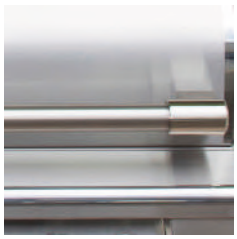

Sear Zone™

- Exclusive 1500° Infrared Technology
- 27,500 BTU Infrared Burner available on all LXE grills with 100% combusting ceramic surface for intense even heat and authentic steakhouse results
- Reaches 1500° in four minutes and cooks 50% faster with virtually no flare-ups
- Special "V-Shaped" flavorizer cooking grate over Sear Zone burner captures the natural juices, fats, and flavors, then caramelizes them to the food for delectable mouthwatering flavor

Signature Taste™ Integrated, Wood Smoker & Herb Innfusion System

Dedicated 5,000 BTU stainless steel burner. Exclusive cold smoke capabilities. Drawer holds large chunks of wood, and linear defusing vents naturally eject smoke at 200° to food zone.

EZ-Lift™ Exclusive Hood-Assist System

Unique integrated and hidden spiral torsion system made of non-corrosive stainless steel for many years of use. Handle spins smoothly in nickle-plated end caps for optimal comfort.

Exclusive Hidden & Integrated 120lb. Torque Mega-Drive™ Rotisserie Motor

This unique chain-driven whisper quiet system turns food at a smooth and consistent speed no matter how many pounds. No counter balance required. Produces hassle-free delicious rotissed foods. Smoketiss™ using the smoke and herb infusion system.

Stainless Steel Cooking Grates

Over briquette and "U" burner sections. Heavy duty 3/8" round stainless steel rod cooking grates have a special nonstick electro-polished finish.

Precision Control Panel Lighting

All new LED front panel lighting projects rich amber beams of light exactly where you need them.

Refractive Ceramic 5-Way Heat Distributing Briquettes

Eliminate hot and cold spots making the effective grilling area 100% of the grilling surface. A special pyramid shape with a flat top and heat-holding cavity on underside evenly delivers intense heat to the cooking surface. Radiant tray locks briquettes in place. Turn tray over and fire burners on high with lid closed to self-clean.

Adjustable Food Warming and Grilling Rack

The three-position adjustable warming rack stores up and out of the way when rotissing. Ideal for above-grilling-surface holding and cooking.

Fit and Finish

With hand polished accents, uniquely clean lines and all helic-arc welded seams, the beauty and the quality are in the details.

Flush Inset Rotisserie

All Alfresco grills come with a flush-mounted 1500° rear ceramic infrared rotisserie burner.

Halogen Work Lights

Integrated high-Intensity Halogen Work Lights angle slightly toward the center for bright, even illumination. Light lens is easily removable without the use of tools for easily changing bulbs, and cleaning.

Attractive Nickel-Plated Ergonomically Designed Control Knobs and Bezels

The all new grill knobs have been redesigned with precision touch in mind.

Made In The U.S.A.

Made from all commercial-grade304, 18-8 stainless steel, all helic-arc hand-welded seams with no mechanical fasteners.

Durasleeve™ Exclusive Heat Protected Wiring

Electrical wires are each encapsulated their full length with a 600° heat-resistance silicone sleeve, and electric connectors are protected with a silicone boot of same heat resistance silicone.

Safetouch™ Exclusive Control Panel Air Cooling Curtain

A special air-cooling plenum blasts a curtain of cool air that naturally flows up between the front control panel and firebox keeping front panel and bullnose safely cool to touch. This also protects all the electronics.

Newly Redesigned Controls

Stainless Steel push button ignition, lighting, and rotisserie, controls are ergonomically integrated into the front control panel.

Free Grill Cover

No charge grill cover shipped with each Alfresco Grill.

Full Two Year Warranty

The Alfresco Grill Warranty covers all parts and labor for 2 years from date of purchase.

DROP-IN GRILL ACCESORIES

INDIRECT ROASTING POD

Turn your grill into an amazing roasting oven with this accesory. Holds drip pan for self-basting, bringing out true slow-roast flavor. Use adjacent burners to create convection heat, or smoke-and-roast using the smoke and herb infusion system.

STEAMER | FRYER | PASTA COOKER

Drops into any Alfresco grill to blanch, steam, fry or boil.

SOLID FUEL INSERT

Transform your Alfresco gas grill into a wood-source cooking system. Simply drop this specially designed insert into the grill and fill with your favorite wood, lump charcoal, or other solid fuel for real wood-cooking flavor.

COMMERCIAL GRIDDLE

3/16" Solid stainless steel plate with side and back splash that can be used with any Alfresco grill. Great for teppanyaki, fajitas, breakfast, or juicy burgers.

VERSA POWER SYSTEM

Alfresco's new Versa Power™ cooker offers 400 to 65,000 BTUs of power for total heat control. The unique, specially designed super heavy-duty spider grate can handle from the smallest of saucepans, and up to a 100 quart stock pot. With numerous options to expand it's versatility, it is the perfect complementary appliance to complete your outdoor kitchen.

- Power and Versatility at your Fingertips with Numerous Options
- Unique Individually Controlled Double Burner System
- Brass Center Burner Adjusts from 400 to 20,000 BTUs
- Stainless Steel Outer Tube Burner Adjusts from 5,000 to 45,000 BTUs
- 5/16" Diameter Stainless Steel Spider Grate with Removable Trivet
- Ideal For Use as a European French Top
- The Perfect Complementary Appliance to Complete Your Outdoor Kitchen

Simmer delicate sauces at a low 400 BTU

Center burner adjusts from 400 to 20,000 BTU

Outer burner adjusts from 5,000 to 45,000 BTU

Both burners yield an unprecedented 65,000 BTU

ALFRESCO PIZZA OVENS

Setting the standard for creative innovations in outdoor cooking equipment is what Alfresco has become known for. The Pizza Oven is an exciting new outdoor pizza and culinary oven engineered to commercial performance caliber. With a preheat time of only 15 minutes, the Pizza Oven is not only great for cooking pizza, but also is fabulous for baking, broiling, roasting and just about anything else you do in a regular oven.

However, it's faster and with much better results! Whether you're cooking 3-minute Neapolitan pizzas directly on the hearth, thick prime New York steaks pan seared in an iron skillet, herb and spice rubbed pork chops in a ceramic baking dish, skillet-sizzling shellfish, or zesty jalapeno corn bread in a ramekin, it can all be done in Alfresco's Pizza Oven.

- High-Tech 20,000 BTU High Heat Ceramic Infrared Hearth Burner
- 20,000 BTU Tube-Log Burner
- Alfresco Exclusive Air-Cooling Plenum keeps Control Panel Cool to the Touch
- ¾" Thick High Quality Ceramic Slab Bottom and Ceiling for Even Intense Radiating Heat
- Complete 304 Heli-Arc Welded Stainless Steel Construction
- 456 Square Inches of Cooking Area
- Halogen Oven Light
- Removable Hinges and Doors
- Double Walled Removable Top
- 8 ½" High Opening
- Countrer Top Rear Exhaust
