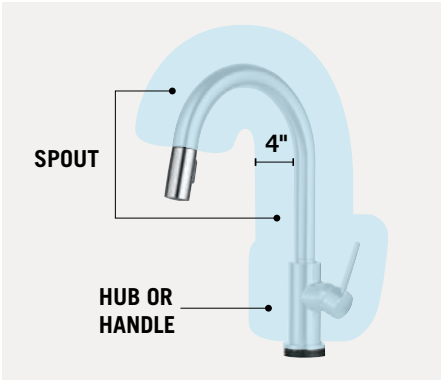
TOUCH$_2$O® + TOUCHLESS

Touch$_2$O® with Touchless Technology helps keep germs and mess off your kitchen faucet and provides easy water control 3 ways: simply place your hand near the faucet, tap, or use standard handle activation. Not your average public bathroom motion-activated faucet, Touchless Technology uses capacitive sensing, instead of infrared, to recognize human presence within 4 inches of the surface.

FEATURES

Manual, Touch$_2$O and Touchless Functionality

4-inch Capacitive Sensing Field



TempSense® Indicator

LUMICOAT™ FINISHES

Delta® Lumicoat finishes easily wipe clean without the need for cleaners or chemicals and are guaranteed to resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resisting water spots and staying cleaner longer, so your faucet's most commonly touched areas stay beautiful.

H_2OKINETIC® TECHNOLOGY

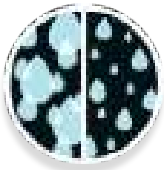
Most standard shower heads leave water unchanged, missing an opportunity to transform your shower experience and conserve water. Our innovative Delta® H_2Okinetic Technology creates advanced, unique water patterns, efficiently delivering 3x the coverage of a standard shower head* and the feeling of more water and water pressure. Each of our sprays equipped with this technology make every shower feel like a retreat.

SPRAY OPTIONS

H_2OKINETIC POWERDRENCH®

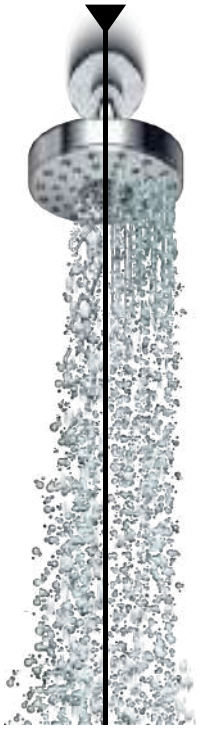
Concentrated and powerful water patterns create a refreshing and invigorating experience. It adds more intensity, immersion and warmth to every single shower.

The invigorating, focused spray wakes up your skin for a total body revitalization.

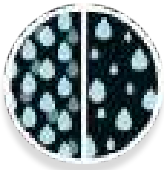


Intense Invigorating Spray vs Standard Shower

Spray creates powerful water patterns, for an energizing experience.



The full immersion spray relaxes your body and turns your shower into a serene retreat.



Dense Natural Rainfall Spray vs Standard Shower

Spray creates saturating water patterns, for a relaxing experience.

H_2OKINETIC ULTRASOAK™

Saturating water patterns create a peaceful experience by mimicking the sensation of a dense, natural rainfall. The perfect choice to prepare for, or melt away, any kind of day.

BATH

Stepping into a bathroom should evoke a sense of calm and relaxation with a design to match. Make the most of your space with beautiful products that feature helpful innovations like Diamond Seal® Technology, Lumicoat™ Finishes and MagnaTite® Docking pull-down spray wands. Just another way we make every moment easier and more beautiful, day after day.

DIAMOND-EMBEDDED CERAMIC DISC ELIMINATES WEAR

INTEGRATED INNOFLEX® PEX SUPPLY LINES ARE MADE TO RESIST CRACKS, KINKS AND CORROSION

DIAMOND SEAL® TECHNOLOGY

Delta faucets with Diamond Seal® Technology perform like new for life with a patented design which reduces leak points, is less hassle to install and lasts twice as long as the industry standard*.

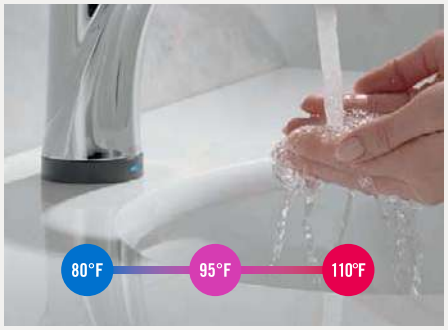
*Industry standard is based on ASME A112.18.1 of 500,000 cycles.

LUMICOAT™ FINISHES

The ultra-sleek surface repels liquids, resisting water spots and staying cleaner longer, so your faucet and shower fixtures stays beautiful.

TOUCH$_2$O$_{.XT}$® TECHNOLOGY

Three convenient ways to operate your bathroom faucet: manually, with a touch or hands-free.



TEMPSENSE® INDICATOR

Clearly shows when water is cold, warm or hot with a color-changing display, helping your family avoid hot and cold temperature surprises.

MAGNATITE® DOCKING
